#### **SUMMARY**

As a passionate **Front-End Developer**, I use **JavaScript**, **React**, **React Native**, **TypeScript**, **HTML**, and **SCSS** to create seamless user interfaces that meet designers' and clients' goals. Experienced in **Redux Toolkit** for state management and skilled in building adaptive and responsive designs. I have **advanced proficiency in English** and can communicate in **Polish**. With strong communication skills, I'm a collaborative team member with experience managing teams and projects.

Currently I'm seeking new opportunities to apply my skills to exciting projects and grow professionally within a dynamic team.

## SKILLS

- TypeScript, JavaScript - React, React Hooks, React Router, React
Native, Expo, Expo AV, Redux Toolkit,

- HTML5, CSS3, Sass (SCSS), BEM Redux Persist

- VS Code, XCode, Browser Developer Tools - Git/Github, NPM

- Swift, Core Data, UlKit, Storyboard, Auto - English Proficiency: C1 level (Advanced)

Layout, SwiftUI, MVC

#### PROJECTS

Online Gadget Store, (HTML, SASS, Typescript, React, Vite, Swiper) ☑

Also check out **the GitHub repository** □.

An online electronics store project created with junior developers. I set up the environment, configured CI/CD pipelines, wrote components, and integrated them into the main codebase.

Let'sDolt App, todo list application, (React, Typescript, Bulma) ☑

Also check out the GitHub reposetory 2.

A user-friendly Todo app for storing, sorting, and editing tasks on the server. Users can update the status of individual tasks or all tasks at once. Built entirely by me.

## Landing page for a museum, (HTML, CSS(SASS), BEM, JS, responsive design) $\ \ \, \Box$

Also check out the GitHub reposetory.

A layout project using **Flexbox** and **CSS Grid** for a responsive design, with **SASS** features like mixins and media queries to improve structure and adaptability.

## **PROFESSIONAL EXPERIENCE**

## **Front-End Developer**

May 2024 - present

Experience & Responsibilities:

- Developed web and mobile applications using React and React
  Native, creating user-friendly and high-performance interfaces
  for various projects. Ensured optimal rendering and smooth user
  experience across different devices.
- Built adaptive and responsive layouts using HTML and CSS to ensure a seamless user experience across various screen sizes and devices.
- Implemented global state management using Redux Toolkit, optimizing application performance and maintaining a scalable architecture for complex state interactions.
- Worked with JavaScript and TypeScript to create scalable and maintainable code, ensuring type safety, reducing bugs, and enhancing code readability and maintainability.

### Editor, international news, ZN.UA news

2022 - 2024

Experience & Responsibilities:

- Monitored international media, analyzed global events, and translated key news into Ukrainian, ensuring accuracy.
- **Conducted interviews** with European and American diplomats and politicians, facilitating meaningful discussions.
- Attended conferences and events, networking with professionals and gathering valuable information for reporting.

#### **EDUCATION**

M.A. in Journalism, Institute of Journalism, Taras Shevchenko National University of Kyiv

Kyiv, Ukraine

#### **III** COURSES

Front-End Development, Mate academy

2024

Basics of iOS app development, Web Academy

2017
